MADE**

**CONVEYORS  
& ELEVATORS**

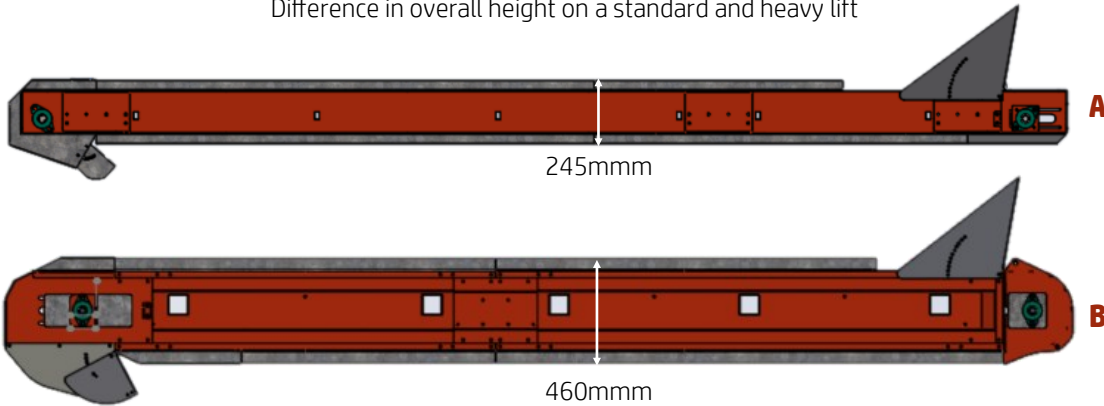

# CUSTOM-MADE DESIGN

Thanks to our design office, we can help you with your projects. Whether it's a brand new installation or a simple modification, conveyors and lifts are essential for transporting your fruit to the various processing stations (washing, drying, sorting, etc.).

We design standard or heavy belts with the desired dimensions, belts with or without staples, waterproof or not, with or without variator...

The possibilities are numerous, contact us.

Difference in overall height on a standard and heavy lift

CHASSIS	OVERALL HEIGHT
<b>A</b> STANDARD	Conveyor : 165mm Elevator : 245mm
<b>B</b> HEAVY	Conveyor : 360mm Elevator : 460mm

## TECHNICAL CHARACTERISTICS

### OPTIONS

Waterproof belts
Variable speed drive
Rolling trolley or fixed feet
With hatches

<b>MOTORIZATION</b>	Varies according to length from 0,37Kw to 1,5Kw
<b>ROLL DIAMETER</b>	80mm for a standard chassis and 160mm for a heavy chassis
